

OurPLANE launches new VLJ Managed

Date: Tuesday, April 8, 2008

Details:

Richmond, VA...OurPLANE, the pioneer and world leader in fractional new light aircraft, has teamed up Single Pilot Jet Managed and announces the launch of VLJ Managed the first, complete aircraft management product specifically for all VLJ aircraft including the Eclipse 500 and Cessna Mustang.

Last October, OurPLANE delivered their first Eclipse 500 VLJ to SheltAir (FBO) at Jacksonville, FL in the continuing growth of their successful fractional aircraft ownership program for light aircraft. OurPLANE has taken their coast-to-coast fractional aircraft program resources and developed VLJ Managed, specifically for customers buying their own VLJ jet. VLJ Managed is unique in that it offers "one-stop shopping" for everything that a VLJ owner needs to effectively operate their new jet. OurPLANE has teamed up with aviation industry leaders to offer the best value added VLJ managed program available, including Single Jet Pilot Management, Cumulus Consulting (with former Eclipse VP Don Taylor), Advocate Consulting (Aircraft and Aviation Tax Consultants), North American Jet, Landmark Aviation, Will Global Aerospace (AIG insurance).

"VLJ Managed is unique and complete", says Graham Casson, president and CEO of OurPLANE., "now everyone that wants their own private VLJ jet can get complete turn key management with professional aviation services from the top industry leaders, all with one product—VLJ Managed. We eliminate the time wasting hassles of arranging for hangar, maintenance, tax strategies and reporting, training, pro pilots, etc. VLJ Managed is completely turn key, VLJ Managed eliminates the unknowns in buying your VLJ."

VLJ Managed offers 2 levels of management. VLJ Managed GOLD provides complete jet services targeted to Pilot customers flying their own VLJ for \$2799 per month including procuring local hangars and providing maintenance, tracking, training, discounted insurance, 24X7 executive concierge travel services and virtually everything else needed for the owners jet.

VLJ Managed PLATINUM provides complete jet services and management targeted to both Pilots and non Pilots, businesses and first-time aircraft owners for \$3799 per month. VLJ Managed provides all the services of the GOLD level plus aviation tax consultation to structure the aircraft purchase, pro pilots, delivery and pickup services, and other value added benefits like backup and supplemental lift to guarantee aircraft availability.

VLJ Managed is available at <http://www.ourplane.com/management/index.asp> and Single Pilot Jet Management, www.spjets.com

OurPLANE already offers a nationwide network of factory new aircraft at locations including Los Angeles, San Francisco, Houston, Dallas, Salt Lake City, St. Paul, Orlando, Jacksonville, White Plains (NY), and Toronto. OurPLANE is the pioneer and leader in fractional light aircraft ownership for general aviation pilots and currently has sixteen (16) new aircraft in operation at fifteen (15) different locations across North America. OurPLANE recently announced the purchase of 21 Eclipse 500 VLJs. OurPLANE also offers VLJ Managed, complete aircraft management for VLJ owners.

Single Pilot Jet Management was established to assist pilots transitioning to Very Light Jets. SPJM has secured one of the first production Eclipse aircraft. SPJM intends to use this aircraft as a transition aircraft for pilots wishing to experience the exhilaration of flying single pilot jet aircraft. Michael Press, CEO/President of SPJM LLC is a single pilot jet certified instructor with over 5000 hours of single pilot jet time. Mr. Press flew single pilot jet fighters in the United States Air Force and commanded the Air Force 'Top Gun' Instruction School. For the past 17 years he assisted the Defense Industry in the design of the latest Air Force single pilot jet fighters: F-16, F-22, F-35.
